

How recycling affects YOU!

Discover the relationship between recycling, energy savings, waste reduction and cost savings!

A presentation of surprising recycling facts is guaranteed to raise awareness of the critical role that recycling and waste reduction play in saving energy and reducing pollution. Related information on composting and landfills is also included.

Our presentation is suitable for a variety of age groups from youth to adult, including school and community clubs and organizations.

Directions

Waukesha Co. Materials Recycling Facility
220 S. Prairie Ave. Waukesha
(262) 548-9707

The MRF is located across the street from the Saratoga Sports Complex. Lot or street parking available.

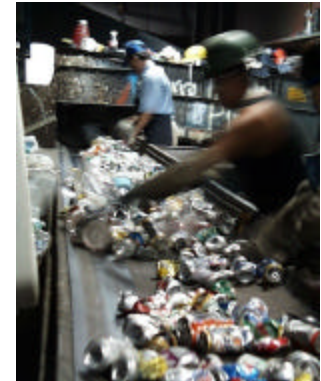

From I-94 - Take Hwy F (exit 295) south towards Waukesha. Continue straight onto North St. From North St. turn right onto St. Paul. Turn left at the next light onto Prairie. Go past College Ave. The MRF is the 4th building on the right.

From I-43 - Take Hwy 164 exit north to Waukesha (about 6 miles). Turn left onto Sunset. Turn right onto Prairie. Continue on to MRF.
